I Am the Resurrection and the Life—Jn.11:25-26

John chapter 11 is one of the most well known chapters in the Bible. In it is recorded the well known story of Lazarus. Lazarus and his sisters Mary and Martha, who lived in Bethany, were very close personal friends of our Lord Jesus Christ and He loved them dearly. However, after hearing that Lazarus was sick Jesus delayed two days before departing to see him and He of course died four days before the Lord got there. The question is; why did Jesus wait two days before going to Lazarus? He did so, so that the glory of the God might be seen through His Son and so that as a consequence many would come to believe in Him (Jn.11:4, 14-15, 42).

Imagine being among those who saw Lazarus raised and the impact it would have had on your faith. When Martha finally encountered the Lord she was no doubt confused as to why He took so long to get there, but that did not weaken her faith. She still believed that whatever He asked of the Father would be given unto Him. It was at this time that Jesus assures her that Lazarus would rise again. It was also here that Jesus claimed to be the resurrection and the Life (Jn.11:25-26). Thus, Jesus raised Lazarus from the dead to illustrate the fact that all who believed in Him would be raised and live eternally, and as a result many believed (Jn.11:43-45). In the remainder of this article I want us to briefly consider four aspects of Jesus' own resurrection.

The Prophecy of the Resurrection. Jesus resurrection from the grave was more than an afterthought; it was the eternal plan of God. Thus, it was spoken of hundreds of years before He even walked upon this earth (Ps.16:10). In Acts 2, Peter proclaimed that what was spoken of by the Psalmist was fulfilled in the resurrection of Christ (Acts 2:27-32). Thus, as predicted by the OT writers and by Jesus Himself, Jesus died but was raised from the dead.

The Proof of the Resurrection. The empty tomb stands still today as an insurmountable obstacle to those who deny Jesus' resurrection from the dead. Josh McDowell was once asked, "Why can't you refute Christianity" to which he replied, "because I am not able to explain away one single event in human history, the resurrection of Jesus Christ." The tomb was found empty and there are only 5 possible theories as to how that happened. Some have claimed that Jesus never died or that His body is in some lost tomb that we can't find. Others still believe that either His enemies or friends removed His body. None of these meet the burden of proof. Leaving only one viable alternative—Jesus rose from the dead.

The consequences if Jesus has not been raised. The doctrine of the resurrection stands as one of the key foundations upon which the Christian faith is built. If Christ has not been raised the consequences are many. If Christ has not been raised are preaching and faith are in vain (1 Cor.15:14). If Christ has not been raised the apostles are false witnesses (1 Cor.15:15-16). If Christ has not been raised we are still in our sins (1 Cor.15:17). If Christ has not been raised then this life is all there is and we are of all people to be most pitied (1 Cor.15:18-19). Surely this life offers little to humanity if Christ is still in the grave.

Jesus is indeed the Resurrection and the Life. Because of Him we have the hope of our own resurrection and we have the promise of everlasting life. When it comes to the resurrection, the only question that remains is; unto what will we be raised? There are only two options, life or condemnation (Jn.5:28-29). All who believe in Jesus Christ will never die. **Do YOU Believe This?**
